### Description

The CS32AC 32-Device AC Charging Station Cabinet provides AC charging, secure storage and cord management for up to 32 tablets. It's ideal for education, office, commercial, retail, industrial and healthcare environments.

32 AC outlets provide convenient charging. The charging station is compatible with all devices that charge via user-supplied USB power adapters, including iPad, Android, Kindle, Kindle Fire and Surface tablets and iPhone, Android and Windows smartphones.

The charging station provides comprehensive device protection, with steel construction and a powder-coated finish for long-term durability. It locks with the included keys to prevent device theft, damage or tampering, and flow-through ventilation prevents overheating.

The charging station also provides clutter-free organization of devices and cabling. AC outlets, power adapters and cords store out of sight. Toolless trim panels permit quick service access.

The charging station is easy to configure. It ships fully assembled and supports mounting to a wall, desk, table, counter or floor. The front door opens 180 degrees and side panels are removable for unrestricted device and service access. Removable dividers accommodate thicker devices. You can also convert the charging station to a mobile cart with Tripp Lite's [CSHANDLEKIT](#) accessory and roll it where needed.
