

The DA PowerCool Series is a Direct-to-Air thermoelectric assembly (TEA) that uses impingement flow to transfer heat. It offers dependable, compact performance by cooling objects via conduction. Heat is absorbed through a cold plate and dissipated thru a high density heat exchanger equipped with an air ducted shroud and brand name fan. The thermoelectric modules are custom designed to achieve a high coefficient of performance (COP) to minimize power consumption. This product series is available in a wide range of cooling capacities and voltages. Custom configurations and moisture protection options are available, however, MOQ applies.

Laird Manufacturer Part Number: DA-051-24-02-00-00

Patent Pending

#### FEATURES

- Compact design
- Precise temperature control
- Reliable solid-state operation
- DC operation
- RoHS Compliant

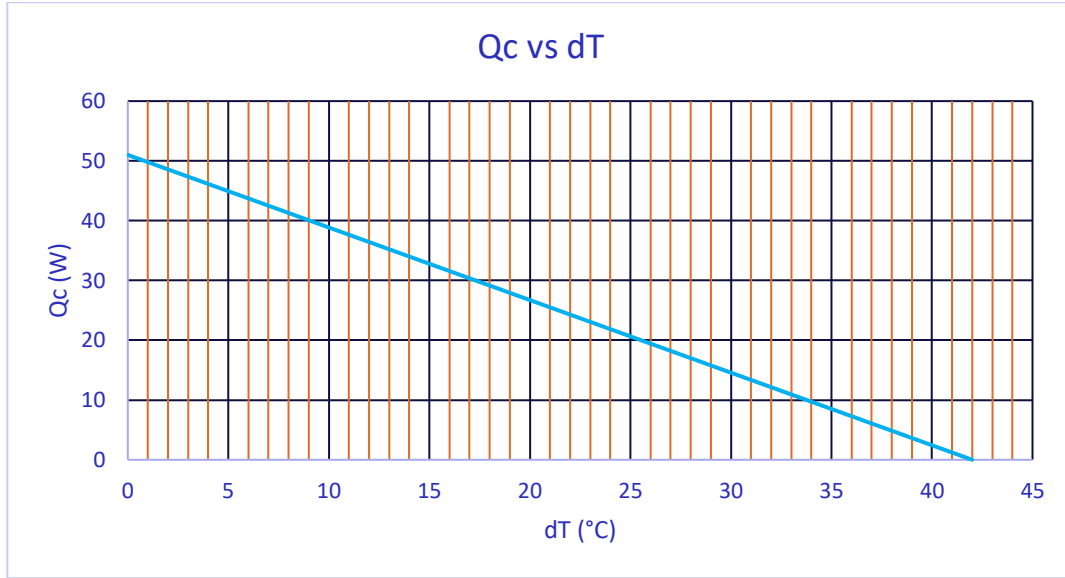

#### APPLICATIONS

- Analytical instrumentation
- Medical diagnostics
- Photonics laser systems
- Industrial instrumentation
- Food and beverage cooling

| TECHNICAL SPECIFICATIONS    |  |
|-----------------------------|--|
| TEA Model                   | DA-051-24-02-00-00   |
| Heat Transfer, Cold Side    | Direct   |
| Heat Transfer, Hot Side     | Air  |
| Cooling Power               | 51W @ $\Delta T=0^{\circ}\text{C}$ and $T_a=35^{\circ}\text{C}$ , Tolerance $\pm 10\%$ |
| TEM Input Power             |  |
| Voltage, Nominal            | 24 VDC   |
| Current, Nominal/Initial    | 2.7/3.1 Amps @ $\Delta T=0^{\circ}\text{C}$  |
| Fan Input Power             |  |
| Voltage, Nominal            | 24 VDC   |
| Current, Nominal (Hot Side) | 0.15 Amps  |
| Fan Noise                   | 35 dBA   |
| MTBF (fans - hrs)           | 50,000 hrs   |
| Dimension (L x W x H)       | 210 x 120 x 80 mm  |
| Weight                      | 1.53 kg  |
| Operating Temperature       | $-10^{\circ}\text{C}$ to $46^{\circ}\text{C}$  |
| Packaging                   | Individual cardboard box   |

PERFORMANCE CURVES

TEA performance at  $T_a=35^\circ\text{C}$

ELECTRICAL CONNECTIONS

Electrical connections:

To use separate supply:  
Mount jumpers to not short-cut the pin pairs.  
Connect:  
"+": + TEM  
"-": - TEM  
"F+": + Fan(s)  
"F-": - Fan(s)

To use single supply:  
Mount jumpers to short-cut the pin pairs.  
Connect the unit to "+" & "-".

Warning: Single supply not applicable in heating mode or with PWM-regulation.

INSTALLATION and SERVICE INSTRUCTIONS

1. The TE assembly must be protected from external force or violence.
2. The power line to the assembly needs to be protected by a fuse. The fuse rating should be of at least the nominal current of the assembly. It must withstand 150% of rated current for at least 60 seconds. This is valid at  $T_a=35^{\circ}\text{C}$ . Fuse ratings for other ambient temperatures ( $x^{\circ}\text{C}$ ) can be calculated with the formula  $I[x^{\circ}\text{C}]=I[35^{\circ}\text{C}]/(1+0.005*(x-35))$ . This is valid when regulating with an ON/OFF regulation. At rapid temperature cycling where this is applicable, there can be need for even higher fuse ratings.
3. Cooled parts needs to be isolated from air humidity to minimize risk for condensation and thermally insulated for best performance.
4. Max ripple on supplied power =5%.
5. Switching power to TEMs at frequencies between 0.01 Hz to 5 kHz will render premature failure of modules and must be avoided.

#### SERVICE

Fan impellers and heat sinks must be cleaned on regular intervals to reduce risk for overheating and reduction of cooling function. The interval may vary depending on environment.

Laird warrants to the original end user customer of its products that its products are free from defects in material and workmanship. Subject to conditions and limitations Laird will, at its option, either repair or replace any part of its products that prove defective because of improper workmanship or materials. This limited warranty is in force for the useful lifetime of the original end product into which the Laird product is installed. Useful lifetime of the original end product may vary but is not to exceed five (5) years from the original date of the end product purchase.

Any information furnished by Laird Inc. and its agents is believed to be accurate and reliable. All specifications are subject to change without notice. Responsibility for the use and application of Laird materials rests with the end user, since Laird and its agents cannot be aware of all potential uses. Laird makes no warranties as to the fitness, merchantability or suitability of any Laird materials or products for any specific or general uses. Laird shall not be liable for incidental or consequential damages of any kind. All Laird products are sold pursuant to the Laird Terms and Conditions of sale in effect from time to time, a copy of which will be furnished upon request.

Компания «Океан Электроники» предлагает заключение долгосрочных отношений при поставках импортных электронных компонентов на взаимовыгодных условиях!

Наши преимущества:

- Поставка оригинальных импортных электронных компонентов напрямую с производств Америки, Европы и Азии, а так же с крупнейших складов мира;
- Широкая линейка поставок активных и пассивных импортных электронных компонентов (более 30 млн. наименований);
- Поставка сложных, дефицитных, либо снятых с производства позиций;
- Оперативные сроки поставки под заказ (от 5 рабочих дней);
- Экспресс доставка в любую точку России;
- Помощь Конструкторского Отдела и консультации квалифицированных инженеров;
- Техническая поддержка проекта, помощь в подборе аналогов, поставка прототипов;
- Поставка электронных компонентов под контролем ВП;
- Система менеджмента качества сертифицирована по Международному стандарту ISO 9001;
- При необходимости вся продукция военного и аэрокосмического назначения проходит испытания и сертификацию в лаборатории (по согласованию с заказчиком);
- Поставка специализированных компонентов военного и аэрокосмического уровня качества (Xilinx, Altera, Analog Devices, Intersil, Interpoint, Microsemi, Actel, Aeroflex, Peregrine, VPT, Syfer, Eurofarad, Texas Instruments, MS Kennedy, Miteq, Cobham, E2V, MA-COM, Hittite, Mini-Circuits, General Dynamics и др.);

Компания «Океан Электроники» является официальным дистрибьютором и эксклюзивным представителем в России одного из крупнейших производителей разъемов военного и аэрокосмического назначения «JONHON», а так же официальным дистрибьютором и эксклюзивным представителем в России производителя высокотехнологичных и надежных решений для передачи СВЧ сигналов «FORSTAR».

## JONHON

«JONHON» (основан в 1970 г.)

Разъемы специального, военного и аэрокосмического назначения:

(Применяются в военной, авиационной, аэрокосмической, морской, железнодорожной, горно- и нефтедобывающей отраслях промышленности)

«FORSTAR» (основан в 1998 г.)

ВЧ соединители, коаксиальные кабели, кабельные сборки и микроволновые компоненты:

(Применяются в телекоммуникациях гражданского и специального назначения, в средствах связи, РЛС, а так же военной, авиационной и аэрокосмической отраслях промышленности).
