

## Order numbering code

### Type No.

3120 thermal rocker-actuated circuit breaker

#### Mounting method

F flange mounting snap-in frame

#### Size of frame

- 3 standard, to fit mounting cut-out 50.5 x 21.5 mm
- 5 standard, to fit mounting cut-out 44.5 x 22 mm
- 7 special style, to fit mounting cut-out 44.5 x 22 mm

#### Number of poles

- 1 1-pole, thermally protected
- 2 2-pole, thermally protected
- 5 2-pole, 1-pole thermally protected

#### Mounting frame design (F3 & F5)

- 1 collar height 1 mm
- 3 collar height 9 mm
- 4 collar height 2 mm with water splash protection (IP54)

#### Mounting frame design (F7)

- R black
- T black with snap-on water splash cover

#### Terminal configuration

- PT push-in terminals
- P7 blade terminals
- H7 as P7, terminals 11 and 21 with flat head screws M3.5 - standard for units with undervoltage release module
- N7 as P7, with additional shunt terminals 12(i) and 22(i)
- G7 as N7, terminals 11 and 21 with flat head screws M3.5

#### Characteristic curve

T1 thermal trip

#### Actuator style

- W rocker for frame size F3 & F5
- A rocker for frame size F7

#### Colour and illumination

- 01. rocker black opaque
- 02. rocker white opaque
- 04. rocker red opaque
- 14. R rocker red translucent with LED illumination
- 15. Y rocker orange translucent with LED illumination
- 19. G rocker green translucent with LED illumination

#### Marking for rocker style W

#### Marking for rocker style A

»|« and »0« moulded in

#### Illumination voltage range

(= operating voltage)

- 1 DC 12 V
- 2 DC 24 V
- 3 AC 115 V
- 4 AC 230 V
- 5 DC 48 V

3120 - F 7 2 R - P7 T1 - A 14 QR 4

#### Current ratings

0.1...20 A

3120 - F 7 2 R - P7 T1 - A 14 QR 4 - 10 A ordering example

## Order numbering code

### Type No.

3120 thermal circuit breaker with push button actuation

#### Mounting

F flange mounting snap-in frame

#### Size

- 2 special frame for fitting splash cover
- 3 mounting cut-out 50.5 x 21.5 mm (panel thickness 1-6.35 mm)

#### Number of poles

- 1 1-pole, thermally protected
- 2 2-pole, thermally protected
- 5 2-pole, 1-pole thermally protected

#### Style

- F frame with 2 push buttons
- G frame with one push button (reset only)

#### Terminal configuration

- PT push-in terminals
- P7 blade terminals
- H7 as P7, terminals 11 and 21 with flat head screws M3.5 - standard for units with undervoltage release module
- N7 as P7, with additional shunt terminals 12(i) and 22(i)
- G7 as N7, terminals 11 and 21 with flat head screws M3.5

#### Characteristic curve

T1 thermal trip

#### Actuators / colour / illumination

- D01X 1 push button\* black opaque
- D02X 1 push button\* white opaque
- D04X 1 push button\* red opaque
- D19XG 1 push button\* green translucent with LED illumination

SGRX 2 push buttons green/red opaque without illumination

SGRXG 2 push buttons green/red translucent with LED illumination

#### Illumination voltage range

(= operating voltage)

- 1 DC 12 V
- 2 DC 24 V
- 3 AC 115 V
- 4 AC 230 V
- 5 DC 48 V

#### Current ratings

0.1...20 A

3120 - F 3 2 F - P7 T1 - S GRXG 4-10 A ordering example

\*reset only

#### Packaging unit:

20, 25, 35, 50 or 60 pcs, depending on the version

**1-pole, thermally protected**

## Time/current characteristics

single or double pole load

**0.1...2 A**

**2.5...20 A**

The time/current characteristic depends on the ambient temperature. In order to eliminate nuisance tripping, please multiply the current rating by a derating factor (see chapter Technical Information)

| ambient temperature [°C] | -30 | -20  | -10  | 0    | 23 | 40   | 50   | 60   |
|--------------------------|-----|------|------|------|----|------|------|------|
| Temperature factor       | 0.8 | 0.84 | 0.88 | 0.92 | 1  | 1.08 | 1.14 | 1.23 |

1

**Accessories**

**Plug-in connector  
Y 31214001**

Connecting cables can be pre-wired. Two retaining clips ensure a tight fit.

**Benefits:**

- Reduced installation time and costs for final assembly
- Quick replacement of devices

**Note:**

Delivery without receptacles.

Dimensions of receptacles (width 6.3 mm) are in accordance with DIN 46340 part 3, shape A.

Examples of suitable receptacles: Stocko RSB 7916 F6,3-1 / Klaucke type 2730 / Vogt type 3832d.67 / TE FASTON Terminals 250 Series / Delphi Packard 58 Series

Plug-in connector mounted on circuit breaker:

## Description - Appliance inlet module X3120-A/-B

The appliance inlet module X3120 with circuit breaker type 3120-F5/-F7/-F8 combines up to four functions within a single component: A C14/C20 appliance inlet, a rocker-actuated or push button switch and resettable overcurrent protection and a filter. Screw-type mounting from the front or from the rear.

## Typical applications

Electrical medical apparatus, laboratory equipment, professional audio equipment and office machines.

## Selection current rating of the filter

| Current rating circuit breaker | Minimum current rating of the filter |
|--------------------------------|--------------------------------------|
| 0,1...1 A                      | 1 A                                  |
| 1,2...3 A                      | 3 A                                  |
| 3,5...6 A                      | 6 A                                  |
| 7...8A                         | 8 A                                  |
| 9...10 A                       | 10 A                                 |
| 12 A                           | 12 A                                 |
| 14...15 A                      | 15 A                                 |

Circuit breaker type 3120 with thermal release protects the filter in case of overloads.

For the protection of the filter in the event of higher overcurrents we recommend circuit breaker type 3120 with thermal-magnetic release (3120...M1...).

Further technical information upon request.

## Description undervoltage release module X3120-U

Add-on module for circuit breaker type 3120. The undervoltage release module trips the 3120 circuit breaker/switch combination in the event of a voltage drop or power failure. When the voltage is restored, the 3120 must be reset to reconnect the load, thereby avoiding the safety hazards associated with automatic re-start of machinery.

**Note:** Basic unit 3120-...-H7 or -G7 requires screw terminals. Not possible in combination with PT terminals.

## Typical applications

All machines and devices where automatic re-start after restoration of power could be dangerous, e.g. drilling machines, electric saws, sausage slicers etc.

E-T-A reserves the right change specifications at any time in the interest of improved design, performance and cost effectiveness, the right to make changes in these specifications without notice is reserved. Product markings may not be exactly as the ordering codes. Errors and omissions excepted.

## Description auxiliary contact module X3120-S

Add-on module for circuit breaker type 3120-F. The auxiliary contact module has a change-over contact as signal contact and is operated with actuation of the CBE. Not possible in combination with PT terminals.

## Typical applications

Status monitoring of CBE and/or the connected loads.

## Order numbering code

### Type No.

**X3120** module for types 3120 and 3140

### Module

**S** auxiliary contact module

### Contact configuration

**0** change-over contact

### Terminal design

**1** blade terminals 2.8 x 0.5 (QC .110), silver-plated

### Contact rating

## Description remote trip module X3120-M

A module which adds remote trip capability to all versions of type 3120-F. A voltage applied across the coil, by means of an external sensor for example, will cause disconnection of the main switch/circuit breaker mechanism.

Not possible in combination with PT terminals.

## Typical applications

Electrical remote trip of safety systems.

Компания «Океан Электроники» предлагает заключение долгосрочных отношений при поставках импортных электронных компонентов на взаимовыгодных условиях!

Наши преимущества:

- Поставка оригинальных импортных электронных компонентов напрямую с производств Америки, Европы и Азии, а так же с крупнейших складов мира;
- Широкая линейка поставок активных и пассивных импортных электронных компонентов (более 30 млн. наименований);
- Поставка сложных, дефицитных, либо снятых с производства позиций;
- Оперативные сроки поставки под заказ (от 5 рабочих дней);
- Экспресс доставка в любую точку России;
- Помощь Конструкторского Отдела и консультации квалифицированных инженеров;
- Техническая поддержка проекта, помощь в подборе аналогов, поставка прототипов;
- Поставка электронных компонентов под контролем ВП;
- Система менеджмента качества сертифицирована по Международному стандарту ISO 9001;
- При необходимости вся продукция военного и аэрокосмического назначения проходит испытания и сертификацию в лаборатории (по согласованию с заказчиком);
- Поставка специализированных компонентов военного и аэрокосмического уровня качества (Xilinx, Altera, Analog Devices, Intersil, Interpoint, Microsemi, Actel, Aeroflex, Peregrine, VPT, Syfer, Eurofarad, Texas Instruments, MS Kennedy, Miteq, Cobham, E2V, MA-COM, Hittite, Mini-Circuits, General Dynamics и др.);

Компания «Океан Электроники» является официальным дистрибьютором и эксклюзивным представителем в России одного из крупнейших производителей разъемов военного и аэрокосмического назначения «JONHON», а так же официальным дистрибьютором и эксклюзивным представителем в России производителя высокотехнологичных и надежных решений для передачи СВЧ сигналов «FORSTAR».

## JONHON

«JONHON» (основан в 1970 г.)

Разъемы специального, военного и аэрокосмического назначения:

(Применяются в военной, авиационной, аэрокосмической, морской, железнодорожной, горно- и нефтедобывающей отраслях промышленности)

«FORSTAR» (основан в 1998 г.)

ВЧ соединители, коаксиальные кабели, кабельные сборки и микроволновые компоненты:

(Применяются в телекоммуникациях гражданского и специального назначения, в средствах связи, РЛС, а так же военной, авиационной и аэрокосмической отраслях промышленности).

Телефон: 8 (812) 309-75-97 (многоканальный)
